

There is upcoming construction taking place at Waconia High School during the summer months, which will affect Safari Island Community Center.

The projects are an indoor air quality (IAQ) project which has already begun and will run through late October. The project mostly involves replacing outdated HVAC equipment to provide improved ventilation and air conditioning inside the building.

The following changes will be made during the specific timeframes:

- Mid-June – Mid-August (dates are subject to change):
 - The main entrance will be moved to Door F.
 - Parking will be moved to the far end of the parking lot, near Door F.
 - The Lap Pool, Rec Pool, and Spa will remain open.
 - The Weight Room and FOD Room equipment will be relocated into the Gym on Court 4.
 - The track will remain mostly open by accessing the elevator.
 - The gym will remain open.
 - Group Exercise classes will continue to be held in the Group Exercise Studio. Patrons will enter through Door F and follow the boarded path up the stairs to the studio.
 - There will be NO access to the Lion's Den.
- Mid-August – Late-October (dates are subject to change)
 - Group Exercise classes will be moved to a location in the High School. (Location still TBD).
 - All other changes will continue until the end of the project, i.e. entering through F door, Lap Pool and Rec Pool open, gym and weight room in the gym are open, and no access to the Lions' Den.

Project updates will be posted on the ISD 110 District website on the [Construction Updates page](#).
